Mmm..... You must be standing up for this to be true!

The diagram illustrates the Mark and Check processes. On the left, a vertical column of boxes represents the 'Sub-total' section, with the number '6' in the 10th box from the top. The 'Mark' process (red) starts with a 'Mark' button, leading to a 'Mark' icon (a red box with 'x x' and a sad face) and then to a 'Mark' form. The 'Check' process (blue) starts with a 'Check' button, leading to a 'Check' icon (a blue box with '?!') and then to a 'Check' form. Both forms have fields for 'section', 'Q number', and 'mark awarded'. The Mark process ends with a 'Mark' icon (a red box with a checkmark) and the Check process ends with a 'Check' icon (a blue box with a checkmark).
